**SPRING 2011 CONFERENCE**

Dear Friends,

With thoughts of spring, melting snow and flowing streams brings a renewed feeling of excitement with regards to the NYSACCME Educational Conferences for 2011. We are very excited to be holding our Spring Conference in Watkins Glen and sharing a weekend together learning about Suicide. Our Conference host is Schuyler County Chief Coroner, Dr. Blanche Borzell. She has fashioned a program of fascinating speakers who will present top-flight presentations revolving around the Suicide Phenomenon.

This program lends itself nicely to those in all fields of death investigation particularly those in the MLI arena, those in law enforcement, as well as those in counseling roles. The costs of our conferences are a tremendous value for the information that is presented. I strongly urge you to invite your colleagues, co-workers, and other professionals you work with in your death investigations to attend this conference. If someone joins NYSACCME, they have a yearly conference cost savings of \$200! Why not pass a membership application on to someone who may benefit from being a member of NYSACCME?

I remind you that payment for Conference weekend **MUST BE INCLUDED** with your Registration Form. **ALL HOTEL RESERVATIONS ARE MADE** by Susan Ernst in the NYSACCME Office. The hotel **WILL NOT** accept reservations for our event from individuals. Early registration is always encouraged as we have to release our reserved block of rooms by a certain date and in order for our membership to receive the Conference rate, we have to book the rooms by that date.

Thank **YOU** for being a part of NYSACCME and attending conference. I look forward to seeing you in Watkins Glen...see you soon!!!

Fondly,

Scott

**Scott M. Schmidt**
