

NEW YORK STATE ASSOCIATION
of
COUNTY CORONERS
and
MEDICAL EXAMINERS

December 2011

Dear Members and Friends of NYSACCME:

As we embark upon another year, we remember still, with grateful hearts and humility, the men and women in uniform who valiantly stand amidst threats to our very life and liberty. Please keep our service men and women in your thoughts and prayers as we enter the holidays with the very freedoms which they are fighting for.

Grateful too, are we, that you continue your membership with us this year. NYSACCME is still a **TREMENDOUS VALUE** when it comes to top-quality educational programs that are offered twice a year. Our speakers have been, and continue to be of the highest caliber and we are so fortunate to be able to keep our cost increases at a minimum because of the fact that they do not charge for presenting their programs. While we continually endeavor to keep all costs constant, we must also keep the bottom line in the black. If it were not for the generosity of our speakers, we would not be able to keep costs so low. This may not be possible in the future as costs across the board continue to increase. We thank you for your understanding and renewing your membership.

Speaking of renewals...if you recently joined at or following our Fall Conference, your membership will extend through 2012. We grant this extension as a courtesy. Please keep in mind that membership dues run from January to December and that this extension is granted **ONE TIME** to new members only! Please return your Membership Application and dues by the January 15th deadline. If you are already a member and wait to pay dues until September, you **WILL NOT** be granted another extension.

While it is nice to put things off, why put off joining NYSACCME? If you're already a member, why put off paying your dues promptly? I thank you for your commitment to our organization and participation at our conferences! NYSACCME is strong and vital because of you and your efforts to keep it such. Thanks in advance for your continued efforts to keep us positioned as a leading provider of Medico-Legal Death Investigation and Forensic Science Education!

May you and your family have a wonderful, warm, and safe holiday season!

Sincerely,

Scott
